

***KUSASA*** – “tomorrow” in Xhosa & Zulu. We can make their tomorrow and that of South Africa, brighter.

**THE KUSASA PROJECT** is a Franschhoek based, SA registered charity operating in the township nearby. Focusing on primary school age students, we engage these poorest of children at a foundation age, in conjunction with educators, community workers and parents to improve essential core skills for life, build confidence & responsibility and offer viable alternatives to the activities which can destroy a child’s future and the hopes of a community.

Examples of our programs are...

In-school reading programs

Gifted Scholar & Slower Learner after-school programs

Teen tutor/mentors

Visiting Teacher & Expert Speakers (Career & life skills training)

Breakfast Club (serving breakfast to 350 children daily)

Competitive & Recreational Sport

Support for local creches/preschools

Recruitment of local volunteers & Gap Year students for our programs

**COME VISIT US & MEET THE AMAZING CHILDREN WE WORK WITH!**

Doug & Dave will gladly take you on a 15 minute tour of the township and a visit with the the children we work with – a brief time in your stay which will be one of the highlights of your time in this beautiful region.

We can arrange visits at short notice and will be pleased to escort you personally.
